"Dear Tony, thank you so much for being the photographer at our wedding in Sept. You were brilliant on the day - so patient with all of the guests and also the weather! Even though it was rainy outside you kept things sunny and positive inside and put so much effort into making sure our photos would be good. Everybody commented what a friendly and easy going person you were. Following on from this, we have just received the most amazing photos from you! You really captured the atmosphere of the day & the happiness and fun that we were all having - plus individual personalities have shone through. All of the photos are truly outstanding. Plus . . . we were really impressed with the CD and case which had been personalised for us - a really lovely and unexpected touch. Thank you very much Tony. We will be sure to recommend you to our friends and colleagues - these are the best wedding photos that we have seen."

Sarah & Graham, Crowborough
